Groundhog Day is February 2nd. Would you like to have six more weeks of winter? Would you like to have an early spring instead? Why?
Think of all of the wonderful gadgets (things) in our world. All of them were invented by someone. What do you think is the best invention of all? Include **supporting details** in your paper.
February is Children's Dental Health Month. Describe the steps necessary to properly take care of your teeth. Use **sequence words** in your paper.
Presidents Day is in February. Write a letter to the President of the United States. Try to persuade him/her to change something about our country.
Random Acts of Kindness Week is in February. Write about a time someone did something very kind for you. Make sure you include details.
My Way Day is in February. Imagine you can get everything your way for one day. What would you do? How would things be different?
Write an acrostic poem about love.
