

Name: _____

Wolves

Acrostic Poem

Wild and free they roam,
Out in the forest they call home.
Loyal to their pack, they stay,
Vigilant guardians night and day.
Ever watchful, they lead the way.
Sleek and swift, in moon's soft light.

Creating an acrostic poem about wolves is a fun and creative process. Follow these steps to craft your own:

1. Choose the word "WOLVES" as your acrostic template. Each letter will represent the beginning of a line in your poem.
2. Brainstorm words or phrases related to wolves. Think about their appearance, behavior, habitat, and symbolism.
3. Start with the first letter, "W," and think of a word or phrase that begins with that letter and relates to wolves. This will be the first line of your poem.
4. Move on to the next letter, "O," and repeat the process. Find a word or phrase that begins with "O" and fits the theme of your poem.
5. Continue this process for the remaining letters, "L," "V," and "E," until you have a line for each letter that forms a cohesive poem about wolves.
6. Revise and refine your poem, making sure each line flows smoothly and contributes to the overall theme.
7. Consider incorporating descriptive language, vivid imagery, and sensory details to bring your poem to life.
8. Once you're satisfied with your acrostic poem, share it with others and enjoy the creative expression of your thoughts about wolves!
